

Concrete Hoppers

Concrete Hoppers - The self-dumping hopper accessory can automatically activate to both dump and release as soon as the bumper release touches the side of a dumpster. As soon as dumping is finished, the hopper can go back to original locked and upright position. This piece of equipment likewise comes along with a cable that enables operation from the seat of the lift truck in order to have the alternative of manually unloading the hopper. There is a locking chain provided to be able to secure the hopper to the tire truck. This product is made with reliable and consistent robotic welds for utmost strength. The forklift dumping hopper even has a blue powder coat finish so as to maintain durability.
